About Us

Founded in 2014, Özgüven Makine ve Metal Endüstrisi initially started its operations in the Beyşehir/Konya, focusing on the production of rifles. On May 15, 2023, the company evolved and rebranded as Özgüven Savunma Ve Silah Sanayi Ticaret Limited Şirketi, moving to a new facility in where we continue to enhance our capabilities in the design, production, and assembly of firearms and their components.

Our Products and Services

At Özgüven Savunma Ve Silah Sanayi Ticaret Limited Şirketi, we take pride in offering a comprehensive range of high-quality firearms and related components. Our expertise lies in the design, manufacturing, and assembly of precision-engineered rifles, handguns, and firearm components. Each product is crafted with meticulous attention to detail, ensuring superior performance, reliability, and safety.
